3.5yr 8642L 365kgF 4.22% 285kgP 3.30% 113PI 305d

2.5yr 7242L 317kgF 4.38% 238kgP 3.29% 116PI 305d

Pictured Below

"Firstly I must say that Beauland's ARB herd is nothing short of an outstanding herd of Dairy Cows. They are so very consistent with their wonderful width and great udders. Now for the Aks Katie 5 (ET) cow. She is just such an amazingly wide cow with a marvellous udder. Her exceptional balance of dairyness & strength really impress. Her udder has width, it is firmly attached and has superb teat size and placement. The Fyn Aks daughters in the herd are standout cows and the Katie cow along with her full sisters are the best."

- Brian Leslie -

GRAND-DAM: Beaulands Christian Katie

6.8yr 8097L 333kgF 4.11% 263kgP 3.25% 305d

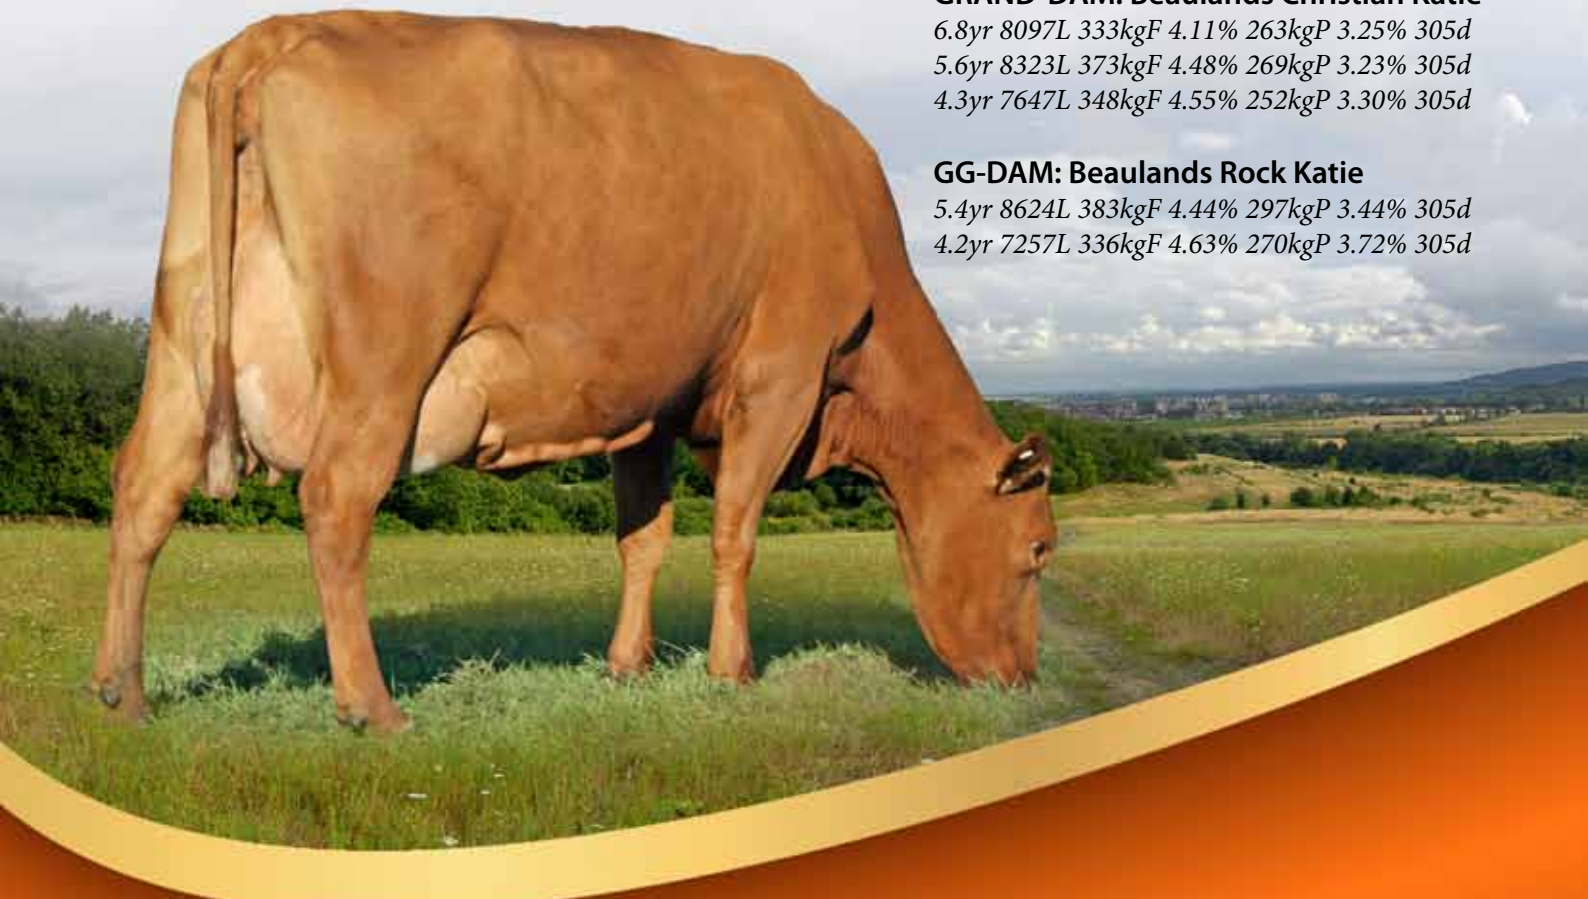

5.6yr 8323L 373kgF 4.48% 269kgP 3.23% 305d

4.3yr 7647L 348kgF 4.55% 252kgP 3.30% 305d

GG-DAM: Beaulands Rock Katie

5.4yr 8624L 383kgF 4.44% 297kgP 3.44% 305d

4.2yr 7257L 336kgF 4.63% 270kgP 3.72% 305d

- Beaulands Kale has a minimal Holstein percentage, which would make him an ideal choice to use in your crossbreeding program.
