

# Genetics Australia's Red On Farm Challenge: NSW 2013

Thank you Genetics Australia and the ARDB, for their generous support of this event. 18 exhibitors entered 120 cows into the competition. Thank you Sam Gordon (judge) for travelling from Casino to Nowra to judge these cows in a week of extreme weather conditions. Unfortunately, due to the extreme weather and road closures, 3 exhibitors from the Bega region were unable to be judged and entries had to be withdrawn from the competition. Congratulations to all the place getters.
