

## **SUPER LONGEVITY FOR THE TOP AUSSIE REDS!**

Bosgowan Primula 278 EX 91, the dam of ARBBONJOVI, is now 14 years old and back in calf again.

Likewise, Bosgowan Primula 334, the dam of ARBLIPPMAN, is 11 years old and back in calf again.

Mike Green, in Mt Gambier South Australia, who purchased Primula 278 and Primula 334 from their breeder John Williams, couldn't be happier with their efficiency and longevity. They calve regularly, and continue to produce top production. Their top APR sons are having a huge influence on the Australian Dairy Industry, particularly ARBBONJOVI who was the top selling Red Bull in 2011.
